## **WASH Institute "Vision"**

A world in which all communities have access to safe, protected and sustainable drinking water and sanitation services, and follow improved hygiene practices.

## **WASH Institute "Mission"**

- Bridge the knowledge gap between the community and service providers through education, training and assistance to stakeholders in areas of planning, implementation, operation and management of water, sanitation, hygiene and environment on a sustainable basis.
- Promote appropriate and low cost solutions in water, sanitation, and hygiene based on the action research and field studies carried out by the Institute and its collaborative partners.
- Advocate effective policies and strategies to address the capacity building needs in water, sanitation and hygiene promotion, with a special focus on poor and vulnerable rural and urban communities, for wider replication.

## **Motto**

"Investing in People"

## **Values**

In pursuing our mission we are guided by hospitality, mutual respect, commitment, professionalism and transparency.

## **Training Methodology**

The training approach is by use of Participatory methods. It includes lectures, presentations, case studies, experience sharing, focus group discussions, role plays, flip charts, films, video clips etc. The resource persons from those having rich experiences in the respective field or subject are called as guest lecturers or resource persons, besides the faculty of WASH Institute Resource Team.

## **Participants**

The training courses are designed for the Project directors, Program Managers, Project coordinators, Project staff, Team leaders, senior level animators, CBOs and GOs and all the members who take part in Community Development Programs like

- Development workers, NGOs and grass root workers
- Academicians
- Mid-level professionals
- Government professionals - especially in water, sanitation, health, education and disaster response sectors
- Engineers
- Individuals sponsored by organizations or Government
- Students wishing to enter the sector
- All interested individuals in water, sanitation, hygiene and environment

### **Application**

The organisations or individuals interested in any of the trainings listed or any other subject related to Water sanitation, Hygiene and environment are requested to send in their requests for the application and course brochure mentioning the objectives, details of participants to our email address. We endeavour to make the course as suited to the emerging need as possible.

### **No. of Participants**

The intake is a maximum of 25-30 participants per training. The nominations are accepted on the first come first served basis.

### **Course Language**

It is conducted in English and the local language of the state by use of translations where ever required.

### **Course fee**

The minimum course fee is mentioned. These rates are worked out to make it affordable to individuals who can get trained even without any external support. The rates increase depending on the hotel tariff rates for food and lodging. The resource fees and course fees are very nominal and affordable.

### **Registration**

Once the applications are accepted, the applicants are requested to send the registration fees as DD drawn in favour of WASH Institute which is to be sent through regular post and a soft copy of the same by email for early registration at least two weeks before the commencement of the course.

### **Award of Certificate**

The WASH Institute awards a certificate of participation at the end of the training.
