

World Water Day Celebration by WASH Institute- Bhadrachalam Field Office

The International World Water Day was celebrated by ITC- Mission SunerahKal and WASH Institute, Bhadrachalam , in Bhurgampadu Mandal which included a series of activities like

- Awareness rallies in Bhurgampadu and Iravendi Village
- Essay competition for school children
- Community level meetings with local politicians and Government officials
- Training to youth and WATSAN members on Water quality monitoring and
- Inauguration of new Infrastructure for school at Iravendi village

The objective of conducting this event to make the communities aware about the importance of conserving water and the need to ensure safe water to all. The World Water Day theme in 2017 is "Why waste water?" which is about reducing and reusing wastewater. Wastewater is a valuable resource to help achieve the Sustainable Development Goal Number 6 wastewater and also to increase the recycling and safe reuse of water across the globe

Awareness rally at Bhurgampaducentre
