

Junior Wastewater Management Expert

About WASH Institute

Water, Sanitation and Hygiene Institute (WASH Institute) established during the year 2008, is a registered non-profit government technical, training, research and development organization dedicated to providing practical solutions to tackle a wide range of water, sanitation and hygiene issues in India.

About the project

The “Skill Development in Fecal Sludge and Septage Management in India (FSSM)”, project aims to increase the number of skilled professionals in the Water, Sanitation and Hygiene sector at state, city and town levels across India and enhance access to people in safely managed disposal services through FSSM. As part of this, WASH Institute proposed to set up a technical support unit under the Local Self Government department, Government of Kerala. This technical support unit (TSU) shall consist of experts on Wastewater and faecal sludge management, who will support the department in implementing projects across the state.
